

## Autoantibodies in Rheumatoid arthritis

Rheumatoid arthritis

home

Literature

- Diagnostic marker with pathogenetic significance
  - Diagnostic marker for indicated disease
  - Colored circles indicate markers for primary screening
  - Indicative autoantibody
  - Occasionally associated autoantibodies with marker function for other diseases
  - Autoantibodies, which may be found randomly associated but without disease specificity and without any diagnostic significance for the disease mentioned.
- Cited **literature** is marked with red numbers and linked with the authors given at the end of the document. By clicking the hand symbol (☞) one returns to the top of the table.
- **Autoantibodies** cited in the following tables are linked with their respective descriptions.
- The indicated values of **sensitivity** and **specificity** crucially depend on the respective test methods, on genetic and ethno-geographical variables and on the selection of tested patient and control populations, which is reflected by the considerable variations of the indicated data. Therefore the given figures may be regarded as an approximate guide for the selection of adequate tests for a given clinical situation. For this reason also qualitative estimates such as "low", "medium" or "high" were used.

## Autoantibodies in Rheumatoid arthritis

### Rheumatoid arthritis

Autoantibodies	Sens [%]	Spec [%]	Disease associations
● <a href="#">Rheumatoid factor (IgM-RF)</a>			
● <a href="#">Cyclic citrulline peptides</a>			
● <a href="#">Carbamylated proteins (CarP)</a>			
● <a href="#">ANA-IIFT</a>			
● <a href="#">RA 33</a>			
● <a href="#">Sa (Vimentin)</a>			
● <a href="#">Calpastatin</a>			
● <a href="#">High mobility group proteins</a>			
● <a href="#">C1q</a>

Abbreviations

## Autoantibodies in Rheumatoid arthritis

### Abbreviations

Sens	Sensitivity
Spec	Specificity
C1q	Complement factor 1q
Hsp	Heat shock protein
RA	Rheumatoid arthritis
Sa	Initials of a patient's name
SS-A/Ro	Sjögren's syndrom antigen A
SS-B/La	Sjögren's syndrom antigen B
